Thanks, Charly. Do you have a list of the 33 TPCN providers and 47 sites?

Mary,

As we discussed the Fact Sheet will answer your questions about the funding and the percentages for each year. Please feel free to contact me at any time if you have additional questions, this should give you a good idea of the program description and services. My cell number is 512-897-2654.

Thank you,

Charly Meismer

Hi Charly,

A few more questions – please see highlighted text below. I also wondered if you and Jeff had a sense of what type of questions Stephanie might get from the legislature?

Thanks again,

Mary

The Legislature originally allocated \$2.5 million per year to fund the program. So, the program's funding level was \$2.5 m from FY 2006 thru FY 2009 – was this TANF federal? (See FACT Sheet) This amount increased to \$4 million per year for FY 2010 and FY 2011. Is it still TANF federal? (It is a blend between TANF and GR) (See FACT Sheet for detail of percentages for each year) Is this program still a rider in the approps bill?

The provider reimbursement rates proposed by TPCN and agreed to by HHSC have not been adjusted for inflation or other reasons since the inception of the program in 2005. What is the rate? (\$1.05 a minute for counseling) TPCN proposed the same rate that had been used for over 10 years by Pennsylvania's Real Alternatives Program—the program which served as a model in developing the Alternatives to Abortion Program in Texas.

Hi Charly,

Is this info. still current? If not, can you provide an update and also send me the list of providers and sites?

Thanks,

Mary

- As of February 2012, the Alternatives to Abortion program comprised 36 providers with 49 sites throughout the state.

for Alternatives to Abortion?
Michael was very helpful on the Community Partner program.
Thanks,
Mary
